Definitions

Recipients

Health Professional (HCP)

Health professionals (HCPs) includes any member of the medical, dental, pharmacy or nursing profession and any other person who in the course of their professional activities may administer, prescribe, purchase, recommend or supply a medicine. In relation to the annual disclosure of transfers of value, the term also includes any employee of a pharmaceutical company whose primary occupation is that of a practising health professional.

Healthcare Organisation (HCO)

A healthcare organisation (HCO) is either a healthcare, medical or scientific association or organisation such as a hospital, clinic, foundation, university or other teaching institution or learned society whose business address, place of incorporation or primary place of operation is in Europe or an organisation through which one or more healthcare professionals or other relevant decision makers provide services.

Kind of ToVs

Contribution to costs of Events

Costs declared include registration fees and travel and accommodation in relation to financial support of HCPs to attend meetings. Costs related to subsistence (food and beverages) to HCPs are not required to be declared.

Fees for contracted services and associated related expenses agreed in the fee for service

This includes the following services: speaker and chairperson fees, consultancy fees and training.

Sponsorship agreements with HCOs/third party organisations appointed by HCOs to manage an event

BHUK supports HCOs by way of sponsoring events and projects including for example scientific professional meetings, congresses, conferences, symposia and other similar events. In consideration for the sponsorship, the recipient shall allow BHUK to for example;

- exhibit a booth at an event and display materials,
- provide a slide presentation on product information,
- advertise the company logo on materials.

Donations and Grants

Donations and Grants no disclosures in scope of this category 2025.

Collaborative working

BHUK was not involved with any collaborative working projects with HCOs in 2025.

Patient organisations

Disclosure financial data

Currency

The amounts disclosed are those actually paid by BHUK. They may differ slightly from the amounts received by the HCP/HCO as they do not take into consideration any exchange fees or other fees applied by the recipient's bank.

On occasions payments are made in a currency other than euros. In these situations, the exchange rate will mean the exact equivalent in euros according to the date on which the conversion calculation was made. All disclosures will be displayed in euros. The euro totals will be calculated using the exchange rate on the day of payment using Currency Exchange Rates-International at xe.com. Readers should understand that the total amounts disclosed in euros should therefore vary slightly from the exact amount paid in the local currency; variations will be greater if there have been significant movements in exchange rate during the reporting period.

VAT included or excluded

Where payments were made and VAT was applicable, the VAT has been excluded for the purposes of disclosure. Therefore, all values provided are exclusive of VAT. There are no other tax considerations.

Calculation rules

The date recorded for the TOV is the date the payment was processed by BHUK.
